

VSSI Product Price List

Effective January 1, 2022

License charges are based on the **Million Service Unit (MSU)** value of each Processor Complex as defined by IBM. The MSU value for each IBM and Non-IBM processor can be determined by referring to the IBM zSeries Software Pricing Information.

VSSI licenses its products on an **annual** basis. Annual license charges for the VPARS and VTAPE products are based on the target machine MSU rating.

VSSI Product Price List - VPARS and VTAPE
